Dear Families,

We are including a lot of information for you today regarding our refined reopening plans. A detailed description of the plans can be found on our [website along with FAQs](#). Please note that we are still working on getting the Activities and Transportation information up on the site. We have also created a one-page overview of the mitigation measures that have been put into place. Please [click here to access that document](#) and let us know if you have any questions.

If you would like your child to begin the year learning from home, [please click here to make that request](#).

We have been quite busy here, getting ready to welcome the students back to school. I am happy to announce that we hired a new fifth grade teacher and a music teacher this afternoon. Please stay tuned for introductions to come next week. We will continue interviewing candidates for the remaining positions on Monday. This can be a difficult time of year to find teachers, but we have been blessed with some great candidates!

I know the kids are awaiting the release of the class lists, but they will have to wait a bit longer due to hiring. I hope the kids don't feel too tortured by the wait.

Faithfully,

Linda Joyner
