"St. Mary Parish School creates Catholic leaders through academic excellence, supporting diverse learners, and seeing Jesus in every person."

Dear St. Mary Families,

One of my favorite St. Marcy's traditions is underway—our classroom pastors names have been chosen!

Each year, our students help choose a saint to watch over their classroom and walk with them throughout the school year. Our students have put a little their own selection, but for our older students, the process gives them an opportunity to discover saints whose stories, struggles, courage, and faith speak to their own lives.

We aren't revealing this year's saints just yet—that fun is coming soon!

Once they are revealed, the students will spend the year getting to know their saint. Each class will eventually share what they have learned with the rest of our school, giving all of us a chance to meet some pretty incredible holy men and women along the way.

I love this tradition because it reminds us that holiness isn't just something we read about in a religion book. They are part of our Catholic family. Through the Communion of Saints, we ask for their intercession and trust in their prayers for us. Their lives also remind our children that there isn't just one way to become a saint. God called each of them differently, just as He has something special in mind for each of us.

As we Live Jesus: Paint the Seeds this year, I can't think of better examples for our students. I'm excited for you to meet the saints our children have chosen to walk beside them this year!

Live Jesus,

Mrs. Wood
